

FATEMA AKTER MIM

Full Stack Web Developer

fatemaaktermim1031@gmail.com | +880 1767727556 | BARISAL, BANGLADESH

GitHub | LinkedIn | Portfolio

CAREER OBJECTIVE

Recent Computer Science & Engineering graduate and Full-Stack Web Developer with hands-on experience building and deploying web applications using React.js, Next.js, Node.js, Express.js, MongoDB, and JavaScript. Skilled in developing responsive UIs, REST APIs, authentication systems, CRUD functionality, and third-party integrations. Seeking an internship or entry-level opportunity to contribute to real-world projects, learn from experienced developers, and grow as a software engineer.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, RESTful APIs, JWT, Middleware, CRUD Operations

Database & Authentication: MongoDB, Better Auth, Firebase, Google OAuth

Tools: Git, GitHub, Vercel, Netlify, Vite, Figma

PROJECTS

JobNest — Job Hiring Platform

[Live Demo](#) | [Client](#) | [Server](#)

Tech: Next.js · Express.js · MongoDB · Better Auth · Stripe

- A platform where job seekers can find and apply for jobs while employers can manage job postings.
- Added features for job search, filtering, applications, and job management using Express.js and MongoDB.
- Working on authentication, protected features, and separate user workflows with Better Auth and reusable Next.js components.

ClassRoom — Library Study Room Booking Platform

[Live Demo](#) | [Client](#) | [Server](#)

Tech: Next.js · Express.js · MongoDB · Better Auth · Stripe

- A platform where students can **find available library study rooms and book them** based on their needs.
- Developed APIs with Express.js and MongoDB to handle **room, availability, user, and booking data**.
- Added **authentication and protected user features** and connected the Next.js frontend with the backend APIs.

CookBook — Recipe Sharing Platform

[Live Demo](#) | [Client](#) | [Server](#)

Tech: Next.js · Express.js · MongoDB · Better Auth · Stripe

- A recipe-sharing platform where users can **browse, search, filter, and manage recipes** in one place.
- Added **user authentication, protected pages, and role-based access** with Better Auth.
- Built REST APIs with Express.js and MongoDB for **recipe and user data**, and integrated Stripe for payments.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science & Engineering (CSE)

National University, Bangladesh

April 2026
